Southside Mary Baldwin College Alumnae Held Meeting April 24

The Mary Baldwin College Alumnae of the Southside Chapter met on Saturday morning, April 24 for a coffee and informal "get-together" in the home of Mrs. Martin L. Webb, president of the Chapter. Mrs. David Quarrier of Charlotte Court House (the former Miss Penny Abbitt of Appomattox) assisted Mrs. Webb at the coffee.

Following the social hour, the gorup went to Jeanne's Restaurant for a luncheon and business meeting.

Mrs. Virginia Munce, director of M.B.C. Alumnae Activities in Staunton, was the guest speaker. She brought to the group the news on the latest developments in college curriculum and personnel.

An alumnae project forthcoming is the Mary Baldwin College Cook-book. Tested recipes will be collected for the next few months from Mary Baldwin College Alumnae, and hopefully the cook-book will be on sale in the spring of '77. Mrs. Sumner Pugh of Farmville is the cook-book chairman for the Southside Chapter.

Following adjournment of the luncheon meeting, the alumnae visited the Appomattox Court House National Historical Park.

VEHICLE DISPLAYS TOWN SEAL

Frank T. Jones, William R. McDilda, and Charles E. Franklin, town employees, (left to right) are shown standing proudly by one of the Town of Appomatox sanitation trucks showing the town seal adopted by the Town Council in January of 1976.

The town seal was designed by Mrs. Emily Burke Daugherty of Belle Haven. She is the daughter of Mrs. William W. Burke and the late Mr. Burke of Appomattox.

The End and The Beginning!

Shown above is the last loblolly pine seedling to be planted in Appomattox County for this spring. The Virginia Division of Forestry assisted private landowners plant 475,000 loblolly pine seedlings this year, enough trees to plant 560 acres of cutover woodland and 20 acres of abandoned fields.

The cutover woodland planted this spring was less than one-half of one percent of the forest land owned by the private (non-industrial) landowners of the county.

In Addition, the Division of Forestry grew and provided to West Virginia Pulp and Paper Company several thousand loblolly, white and scotch pines and wildlife plants for distribution to private landowners.

The last seedlings for the year have been planted, but this isn't the end. They are now beginning their site preparation program for this summer. They hope to assist private landowners of the county to prepare 600 to 800 acres of cutover woodland so that it may be planted next spring.

As an incentive to reforest poor quality woodland, the State of Virginia has a program called the Reforestation of Timberlands Act. This act will reimburse the landowners up to 50 percent of the reforestation cost.

To The Voters Of The Town Of Appomattox:

I am a candidate for re-election to the Town Council of the Town Of Appomattox, subject to the May 4, 1976 General Election.

I would appreciate your vote and support.

See You At The Polls.
